

Hello,

My name is Tim Sweet, and I am reaching out to both the business and not-for-profit organizations to offer my services as a professional public speaker, free of charge for luncheons, dinners or events.

My company, Revolve, is focused on teaching organizations how to operate more efficiently. We specialize in using the principles of Total Quality and Lean Management, to improve many different aspects of a business and society including:

**Customer Service
Management
Administration
Operations**

**Human Resources
Healthcare
Accounting and Finance
Construction**

**Manufacturing
Logistics
Distribution
Inventory**

You have our commitment that our talks will be focused on providing value to the audience. Unlike some other consultants, we will not talk ad nauseam about how great we are, or spend time begging for work. Besides an initial introduction and contact info at the end, the time will be completely devoted to the subject at hand.

We can speak competently on the subjects of:

**Change Management
Staff Motivation and Retention
Success to Goal Measurement
Becoming a Great Organizations
The Role of Truth and Integrity**

**Lean Management / Cost Reduction
Optimization and Efficiency
Team Work / Team Building
Quality / Process Improvement
Appropriate Organizational Structures**

For each 30 to 60 minute presentation we will outline key concepts, provide practical examples. Participants will take away tools and ideas the can apply immediately.

Thanks for your consideration.

Sincerely,

Testimonials:

Hi Tim,

Once again, I just want to thank you for doing a great job. All of the feedback that I have received has been extremely positive!

Everyone loved the different mediums used and the interactive nature. They thought there was a ton of valuable information provided and thought you had a great casual style with a good sense of humour.

We look forward to the next session.
