

# To Keep Growing You Must Keep People

## Revolve Business Consulting Can Help.

You invest hundreds of thousands in building the right team. You put time and energy into getting the right people in the right roles. Then, without warning staff leave. You had no idea; no chance to stop them and make them stay. Unchecked, turnover robs you of forward momentum and profitability.

Revolve can give your managers the edge they need to make people stay. Turnover does not have to be unpredictable; Attrition can be controlled.

### **Avoid:**

- *Loss of Focus and Direction*
- *Operational Disruptions*
- *Loss of Skills and Talent*
- *Unnecessary HR/Training Costs*
- *Company Bashing/Cultural Damage*
- *Neglected Clients/Accounts*
- *Abandoned Projects/False Starts*
- *Loss of Star Performers*
- *Attrition by Association*
- *Forced Promotions of Wrong People*

### **Be a Winner**

In the current climate of high attrition across all industries, companies who can keep employees will win while others fail. A company who can keep the best job applicants will enjoy filling their ranks with the cream of the industry.

### **Revolve is Different!**

While Revolve helps you identify and mitigate threats to workforce stability, we will teach your managers the skills we use so they can subvert unnecessary attrition with confidence.

### **Plan Without Risk**
